## POET TECHNOLOGIES INC.

### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Expressed in US Dollars)

---

#### 1. DESCRIPTION OF BUSINESS

POET Technologies Inc. is incorporated in the Province of Ontario. POET Technologies Inc. and its subsidiaries (the "Company") design and develop the POET Optical Interposer and Photonic Integrated Circuits for the data centre and tele-communications markets. The Company's head office is located at 120 Eglinton Avenue East, Suite 1107, Toronto, Ontario, Canada M4P 1E2. These condensed unaudited consolidated financial statements of the Company were approved by the Board of Directors of the Company on August 19, 2021.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These condensed unaudited consolidated financial statements of the Company and its subsidiaries were prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB").

These condensed unaudited consolidated financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated audited financial statements for the year ended December 31, 2020.

The preparation of financial statements in accordance with International Accounting Standards ("IAS") 34 Interim Financial Reporting, requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed below:

##### **Basis of presentation**

These consolidated financial statements include the accounts of POET Technologies Inc. and its subsidiaries; ODIS Inc. ("ODIS"), Opel Solar Inc. ("OPEL"), BB Photonics Inc., ("BB Photonics"), POET Technologies Pte Ltd. ("PTS") and POET Optoelectronics Shenzhen Co. Ltd. ("POET Shenzhen"). All intercompany balances and transactions have been eliminated on consolidation.

##### **Foreign currency translation**

These condensed unaudited consolidated financial statements are presented in U.S. dollars ("USD"), which is the Company's presentation currency.

Items included in the financial statements of each of the Company's subsidiaries are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities not denominated in the functional currency of an entity are recognized in the statement of operations and deficit.

Assets and liabilities of entities with functional currencies other than U.S. dollars are translated into the presentation currency at the year end rates of exchange, and the results of their operations are translated at average rates of exchange for the year. The resulting translation adjustments are included in accumulated other comprehensive loss in shareholders' equity. Additionally, foreign exchange gains and losses related to certain intercompany loans that are permanent in nature are included in accumulated other comprehensive loss. Elements of equity are translated at historical rates.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Expressed in US Dollars)**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Financial Instruments**

IFRS 9 introduced new classification and measurement models for financial assets. The investment classifications held-to-maturity and available-for-sale are no longer used and financial assets at fair value through other comprehensive income ("FVTOCI") were introduced. Financial assets held with an objective to hold assets in order to collect contractual cash flows which arise on specified dates that are solely principal and interest are measured at amortised cost using the effective interest method. Debt investments held with an objective to hold both assets in order to collect contractual cash flows which arise on specified dates that are solely principal and interest as well as selling the asset on the basis of fair value are measured at FVTOCI. All other financial assets are classified and measured at fair value through profit or loss ("FVTPL"). Financial liabilities are classified as either FVTPL or other financial liabilities, and the portion of the change in fair value that relates to the Company's credit risk is presented in other comprehensive income (loss). Instruments classified as FVTPL are measured at fair value with unrealized gains and losses recognized in net income (loss). Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities, other than financial assets and financial liabilities classified as FVTPL, are added to or deducted from the fair value on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities classified as FVTPL are recognized immediately in consolidated net income (loss).

***Financial assets***

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

***Financial liabilities***

A financial liability is derecognized from the balance sheet when it is extinguished, that is, when the obligation specified in the contract is either discharged, cancelled or expires. Where there has been an exchange between an existing borrower and lender of debt instruments with substantially different terms, or there has been a substantial modification of the terms of an existing financial liability, this transaction is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. A gain or loss from extinguishment of the original financial liability is recognized in profit or loss.

The Company's financial instruments include cash and cash equivalents, receivable from the sale of discontinued operations, accounts payable and accrued liabilities.

## POET TECHNOLOGIES INC.

### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Expressed in US Dollars)

---

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following table outlines the classification of financial instruments under IFRS 9:

##### Financial Assets

Cash and cash equivalents	Amortized cost
Short-term investments	Amortized cost
Accounts receivable	Amortized cost

##### Financial Liabilities

Accounts payable and accrued liabilities	Amortized cost
Convertible debentures	Amortized cost
Covid-19 government support loans	Amortized cost

Convertible debentures are accounted for as a compound financial instrument with a debt component and a separate equity component. The debt component of these compound financial instruments is measured at fair value on initial recognition by discounting the stream of future interest and principal payments at the rate of interest prevailing at the date of issue for instruments of similar term and risk. The debt component is subsequently deducted from the total carrying value of the compound instrument to derive the equity component. The debt component is subsequently measured at amortized cost using the effective interest rate method. Interest expense based on the coupon rate of the debenture and the accretion of the liability component to the amount that will be payable on redemption are recognized through profit or loss as a finance cost.

##### Cash and cash equivalents

Cash and cash equivalents consist of cash in current accounts of \$1,960,978 (2020 - \$722,894) and funds invested in US and Canadian Term Deposits of \$19,980,895 (2020 - \$6,150,000) earning interest at 1.31% and maturing in less than 90 days.

Cash and cash equivalents include restricted funds of \$99,387 (2020 - \$184,569) which serves as a bank guarantee for the purchase of certain equipment. The bank guarantee is reduced on a monthly basis by \$14,197 which is the amount paid monthly in settlement of the outstanding balance on the equipment.

##### Property and equipment

Property and equipment are recorded at cost. Depreciation is calculated based on the estimated useful life of the asset using the following method and useful lives:

Machinery and equipment	Straight Line, 5 years
Leasehold improvements	Straight Line, 5 years or life of the lease, whichever is less
Office equipment	Straight Line, 3 - 5 years

##### Patents and licenses

Patents and licenses are recorded at cost and amortized on a straight line basis over 12 years. Ongoing maintenance costs are expensed as incurred.

##### Impairment of long-lived assets

The Company's tangible and intangible assets are reviewed for indications of impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. An assessment is made at each reporting date whether there is any indication that an asset may be impaired.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Expressed in US Dollars)**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

An impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss for the year. The recoverable amount is the greater of the asset's fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit ("CGU") to which the asset belongs.

An impairment loss is reversed if there is an indication that there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

**Revenue recognition**

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to a customer.

**Sale of goods**

Revenue from the sale of goods is recognized, net of discounts and customer rebates, at the point in time the transfer of control of the related products has taken place as specified in the sales contract and collectability is reasonably assured.

**Service revenue**

The Company provides contract services, primarily in the form of non-recurring revenue ("NRE") where control is passed to the customer over time. The contracts generally provide agreed upon milestones for customer payment which include but are not limited to the delivery of sample products, design reports and test reports. The customer makes payment when it has approved the delivery of the milestone. The Company must determine if the contract is made up of a series of independent performance obligations or a single performance obligation. Where NRE contracts contain multiple performance obligations for which a standalone transaction price can be assessed, revenue is recognized as each performance obligation is satisfied. Where NRE contracts contain a single performance obligation to be settled over time, revenue is recognized progressively based on the output method.

**Other income**

**Interest income**

Interest income on cash is recognized as earned using the effective interest method.

**Wage subsidies**

Wages subsidies received from the Singaporean government are netted against payroll costs on the consolidated statements of operations and deficit.

**Intangible assets**

**Research and development costs**

Research costs are expensed in the year incurred. Development costs are also expensed in the year incurred unless the Company believes a development project meets IFRS criteria as set out in IAS 38, *Intangible Assets*, for deferral and amortization. IAS 38 requires all research costs be charged to expense while development costs are capitalised only after technical and commercial feasibility of the asset for sale or use have been established. This means that the entity must intend and be able to complete the intangible asset and either use it or sell it and be able to demonstrate how the asset will generate future economic benefits. Development costs are tested for impairment whenever events or changes indicate that its carrying amount may not be recoverable.

## POET TECHNOLOGIES INC.

### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Expressed in US Dollars)

---

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### Stock-based compensation

Stock options and warrants awarded to non employees are measured using the fair value of the goods or services received unless that fair value cannot be estimated reliably, in which case measurement is based on the fair value of the stock options. Stock options and warrants awarded to employees are accounted for using the fair value method. The fair value of such stock options and warrants granted is recognized as an expense on a proportionate basis consistent with the vesting features of each tranche of the grant. The fair value is calculated using the Black-Scholes option pricing model with assumptions applicable at the date of grant.

##### Loss per share

Basic loss per share, net of taxes is calculated by dividing net loss by the weighted average number of common shares outstanding during the year. Diluted loss per share is calculated by dividing net loss by the weighted average number of common shares outstanding during the period after giving effect to potentially dilutive financial instruments. The dilutive effect of stock options and warrants is determined using the treasury stock method.

##### Joint Venture

A joint arrangement is an arrangement among two or more parties where the parties are bound by a contractual arrangement and the contractual arrangement gives the parties joint control of the arrangement. A joint venture is a form of joint arrangement where an entity is independently formed and the parties jointly have rights to the net assets of the arrangement and therefore account for their interests under the equity method.

#### 3. RECEIVABLE FROM THE SALE OF DISCONTINUED OPERATIONS

On November 8, 2019, the Company sold 100% of the issued and outstanding shares of DenseLight for \$26,000,000. The Company received \$8,000,000 upon the consummation of the sale with the remaining \$18,000,000 expected over three tranche payments in 2020. Payments received in the first quarter were as follows: \$4,750,000 received on February 14, 2020 and \$8,250,000 received on March 30, 2020.

The Company received payments of \$1,500,000 and \$1,000,000 on June 29, 2020 and July 3, 2020 respectively. After taking into consideration the length of time it had taken the Buyer to make the foregoing payments and the Company's expectations regarding the likelihood of receiving an additional payment, the Company determined that it was in its best interest to accept partial payments as final payment on the Company's receivable. As a result, the Company recognized a credit loss of \$2,500,000 during the year ended December 31, 2020.

#### 4. PREPAIDS AND OTHER CURRENT ASSETS

The following table reflects the details of prepaids and other current assets:

	June 30, 2021	December 31, 2020
Sales tax recoverable and other current assets	\$ 85,134	\$ 122,353
Prepaid expenses	39,589	496,364

#### 8. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	June 30, 2021	December 31, 2020
Trade payable	\$ 1,266,307	\$ 1,603,284
Payroll related liabilities	722,637	60,455
Accrued liabilities	176,742	66,622
	<b>\$ 2,165,686</b>	<b>\$ 1,730,361</b>

#### 9. CONVERTIBLE DEBENTURES

##### Convertible Debentures

In 2019, Management approved the issuance of up to \$10.5 million of unsecured convertible debentures (the "Convertible Debentures") of the Company. The Convertible Debentures were sold in multiple tranches, on a brokered private placement basis through the Company's financial advisors, IBK Capital. In 2019, the Company closed five tranches of the private placement of the Convertible Debentures that raised gross proceeds of \$3,729,921 (CAD\$4,988,292). The Convertible Debentures, bear interest at 12% per annum, compounded annually with 1% payable at the beginning of each month and mature two years from the date of issue. The Company paid \$377,072 (CAD\$499,462) in brokerage fees and other costs related to the closing of these five tranches.

The Convertible Debentures are convertible at the option of the holders thereof into units at any time after October 31, 2019 at a conversion price of CAD\$0.40 per unit for a total 12,457,500 units of the Company. Each unit will consist of one common share and one common share purchase warrant. Each common share purchase warrant will entitle the holder to purchase one common share of the Company at a price of CAD\$0.50 per share for a period of four years from the date upon which the convertible debenture is issued. Upon completing the sale of DenseLight, holders of Convertible Debentures will have the right to cause the Company to repurchase the Convertible Debentures at face value, subject to certain restrictions. The Convertible Debentures are governed by a trust indenture between the Company and TSX Trust Company as trustee.

Insiders of the Company subscribed for 14.3% or \$535,000 (CAD\$710,000) of the Convertible Debentures, including the Company's board of directors and senior management team. Insiders of IBK Capital subscribed for 4% or \$146,000 (CAD\$200,000) of the Convertible Debentures.

IAS 32 *Financial Instruments: Presentation* define these debt securities as compound financial instruments made up of both a liability component and an equity component. The debt component of the Convertible Debentures were fair valued using effective discount rates ranging from 28.74% to 29.71% which the Company determined would be the interest rate of the debts without a conversion feature. The difference between the fair value of the debt component and the loan is allocated to the equity component and is included in shareholders' equity.

Because the Convertible Debentures are denominated in Canadian dollars and the conversion price is also denominated in Canadian dollars, the number of equity instruments that would be issued upon exercise of the convertible debentures are fixed. As a result, the equity component of the convertible debentures will not be periodically remeasured.

During 2021, holders of certain convertible debentures converted \$3,377,887 (2020 - \$369,545) worth of convertible debentures into 10,592,500 (2020 - 1,235,000) units of the Company.

The following table reflects the details of convertible debentures at June 30, 2021:

## POET TECHNOLOGIES INC.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Expressed in US Dollars)

#### 10. SHARE CAPITAL (Continued)

On February 11, 2021, the Company completed a brokered private placement offering of 17,647,200 units at a price of \$0.67 (CAD\$0.85) per unit for gross proceeds of \$11,815,595 (CAD\$15,000,120). Each unit consists of one common share and one common share purchase warrant. Each whole warrant entitles the holder to purchase one common share of the Company at a price of \$0.90 (CAD\$1.15) per share until February 11, 2023. At any time after June 12, 2021, the Company reserves the right to accelerate the expiry of the warrants if the Company's average stock price exceeds \$1.81 (CAD\$2.30) for a period of 10 consecutive trading days. The broker was paid a cash commission of \$708,667 (CAD\$900,007) equating to 6% of the gross proceeds and received 1,058,832 broker warrants. Each broker warrant is exercisable into one common share of the Company at a price of \$0.67 (CAD\$0.85) per broker warrant until February 11, 2023. The Company incurred additional share issuance costs of \$434,367 directly related to the private placement and warrant exercises.

The fair value of the share purchase warrants and broker warrants was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: dividend yield of 0%, risk-free interest rate of 0.19%, volatility of 75.26%, and estimated life of 2 years. The estimated fair value assigned to the warrants and broker warrants was \$3,766,007 and \$288,197, respectively.

In 2020, the Company engaged with a firm to assist with its shareholder communications strategy. The terms of the agreement require the Company to issue common shares at certain pre-determined dates in satisfaction of past services rendered. During the six months ended June 30, 2021, the Company settled \$13,814 (2020 - \$13,011) in accounts payable related to past services rendered under this agreement by issuing 16,782 (2020 - 30,268) common shares at a price of \$0.82 (CAD\$1.01) (2020 - \$0.43 (CAD\$0.56) per share to the firm.

#### 11. WARRANTS AND COMPENSATION OPTIONS

The following table reflects the continuity of warrants and compensation options:

	Historical Average Exercise Price	Number of Warrants/ Compensation options	Historical Fair value
Balance, January 1, 2020	\$ 0.43	49,539,792	\$ 8,525,358
Fair value of warrants issued on conversion of convertible debentures (Note 9)	0.38	1,235,000	146,858
Fair value of expired compensation options issued to brokers	0.43	(1,505,442)	(479,204)
Fair value related to the exercise of warrants issued as cost of debt financing <sup>(1)</sup>	0.27	(3,289,500)	(221,620)
Fair value of expired warrants issued on public offering	0.58	(12,545,350)	(2,286,426)
Historical fair value assigned to warrants exercised	0.39	(744,000)	(127,964)
Balance, December 31, 2020	0.39	32,690,500	5,557,002
Fair value of warrant issued on private placement	0.90	17,647,200	3,766,007
Fair value of broker warrants issued on private placement	0.67	1,058,832	288,197
Fair value of warrants issued on conversion of convertible debentures (Notes 9)	0.38	10,592,500	1,164,316
Historical fair value assigned to warrants exercised	0.39	(18,031,743)	(3,064,303)
Balance, June 30, 2021	\$ 0.60	43,957,289	\$ 7,711,219

(1) These warrants had a cashless exercise feature. The warrant holder utilized the cashless exercise feature to exercise the warrants, which resulted in the Company issuing 942,448 common shares to the warrant holders.

**POET TECHNOLOGIES INC.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Expressed in US Dollars)**

**12. STOCK OPTIONS AND CONTRIBUTED SURPLUS**

**Stock Options**

On August 26, 2020, shareholders of the Company approved amendments to the Company's fixed 20% stock option plan (as amended, previously referred to as the "2018 plan", now referred to as the "2020 Plan"). Under the 2020 Plan, the board of directors may grant options to acquire common shares of the Company to qualified directors, officers, employees and consultants. The 2020 Plan provides that the number of common shares issuable pursuant to options granted under the 2020 Plan and pursuant to other previously granted options is limited to 58,538,554 (the "Number Reserved"). Any subsequent increase in the Number Reserved must be approved by shareholders of the Company and cannot, at the time of the increase, exceed 20% of the number of issued and outstanding shares. The stock options vest in accordance with the policies determined by the Board of Directors from time to time consistent with the provisions of the 2020 Plan which grants discretion to the Board of Directors.

Stock option transactions and the number of stock options outstanding were as follows:

	Number of Options	Historical Weighted average Exercise Price
Balance, January 1, 2020	53,260,338	\$ 0.43
Expired/cancelled	(8,287,937)	1.02
Exercised	(3,302,835)	0.24
Granted	9,474,926	0.36
Balance, December 31, 2020	51,144,492	0.33
Expired/cancelled	(937,500)	0.30
Exercised	(8,416,187)	0.29
Granted	6,931,250	0.88
Balance, June 30, 2021	48,722,055	\$ 0.41

During the six months ended June 30, 2021, the Company granted 6,931,250 (six months ended June 30, 2020 - 9,250,326) stock options to employees and consultants of the Company to purchase common shares at an average price of \$0.88 (six months ended June 30, 2020 - \$0.35) per share.

During the six months ended June 30, 2021, the Company recorded stock-based compensation of \$2,057,131 (six months ended June 30, 2020 - \$1,623,268) relating to stock options that vested during the period.

The stock options granted were valued using the Black-Scholes option pricing model using the following assumptions:

Three Months Ended June 30,	2021	2020
Weighted average exercise price	<b>\$0.41</b>	\$0.35
Weighted average risk-free interest rate	<b>0.80 - 1.48%</b>	0.52 - 1.52%
Weighted average dividend yield	<b>0%</b>	0%
Weighted average volatility	<b>90.68%</b>	94.77%
Weighted average estimated life	<b>10 years</b>	10 years
Weighted average share price	<b>\$0.88</b>	\$0.35
Share price on the various grant dates:	<b>\$0.64 - \$0.95</b>	\$0.22 - \$0.39
Weighted average fair value	<b>\$0.76</b>	\$0.30

**POET TECHNOLOGIES INC.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Expressed in US Dollars)**

**12. STOCK OPTIONS AND CONTRIBUTED SURPLUS (Continued)**

The underlying expected volatility was determined by reference to the Company's historical share price movements, its dividend policy and dividend yield and past experience relating to the expected life of granted stock options.

The weighted average remaining contractual life and weighted average exercise price of options outstanding and of options exercisable as at June 30, 2021 are as follows:

Options Outstanding				Options Exercisable		
Exercise Range	Number Outstanding	Historical Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (years)	Number Exercisable	Historical Weighted Average Exercise Price	
\$0.11 - \$0.25	8,258,125	\$ 0.22	6.65	6,809,688	\$ 0.22	
\$0.26 - \$0.37	9,638,916	\$ 0.26	7.09	4,497,354	\$ 0.26	
\$0.38 - \$0.92	30,825,014	\$ 0.48	8.09	14,918,964	\$ 0.38	
	48,722,055	\$ 0.41	7.81	26,226,006	\$ 0.32	

**13. LOSS PER SHARE**

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Numerator				
Net loss	\$ (4,408,194)	\$ (6,208,532)	\$ (8,506,614)	\$ (9,676,297)
Denominator				
Weighted average number of common shares outstanding - basic and diluted	345,250,205	291,174,505	332,937,903	290,278,652
Basic and diluted loss per share	\$ (0.01)	\$ (0.02)	\$ (0.03)	\$ (0.03)

The effect of common share purchase options, warrants and compensation options on the net loss in 2021 and 2020 is not reflected as they are anti-dilutive.

**14. COMMITMENTS AND CONTINGENCIES**

The Company has operating leases on four facilities; head office located in Toronto, Canada, design and testing operations located in Allentown, Pennsylvania (formerly in San Jose, California) and operating facilities located in Singapore and China. The Company's design and testing operations terminated a lease on January 31, 2020. A new lease was initiated on April 1, 2020 and expires on June 30, 2025. The lease on the Company's operating facilities in Singapore was initiated on November 1, 2019 and expires April 30, 2022. The lease on the Company's operating facilities in China was initiated in November 19, 2020 and expires on November 18, 2023. As at June 30, 2021, the Company's head office was on a month to month lease term.

Remaining minimum annual rental payments to the lease expiration dates are as follows:

July 1, 2021 to December 31, 2021	\$ 118,922
2022 and beyond	441,163
	\$ 560,085

**POET TECHNOLOGIES INC.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Expressed in US Dollars)**

**15. RELATED PARTY TRANSACTIONS**

Compensation to key management personnel were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Salaries	\$ 388,881	\$ 418,475	\$ 972,382	\$ 836,950
Share-based payments (1)	611,671	524,928	1,052,080	1,009,770
<b>Total</b>	<b>\$ 1,000,552</b>	<b>\$ 943,403</b>	<b>\$ 2,024,462</b>	<b>\$ 1,846,720</b>

(1) Share-based payments are the fair value of options granted to key management personnel and expensed during the various periods as calculated using the Black-Scholes model.

All transactions with related parties have occurred in the normal course of operations and are measured at the exchange amounts, which are the amounts of consideration established and agreed to by the related parties.

**16. SEGMENT INFORMATION**

The Company and its subsidiaries operate in a single segment; the design, manufacture and sale of semi-conductor products and services for commercial applications. The Company's operating and reporting segment reflects the management reporting structure of the organization and the manner in which the chief operating decision maker regularly assesses information for decision making purposes, including the allocation of resources. A summary of the Company's operations is below:

**OPEL, ODIS, POET Shenzhen and PTS**

OPEL, ODIS, POET Shenzhen and PTS are the developers of the POET platform semiconductor process IP for monolithic fabrication of integrated circuit devices containing both electronic and optical elements on a single die.

**BB Photonics**

BB Photonics develops photonic integrated components for the datacom and telecom markets utilizing embedded dielectric technology that enables the low-cost integration of active and passive devices into photonic integrated circuits.

On a consolidated basis, the Company operates geographically in China and Singapore (collectively "Asia"), the United States and Canada. Geographical information is as follows:

<b>Net loss</b>	<b>\$ 1,357,483</b>	<b>\$ 3,056,814</b>	<b>\$ 5,262,000</b>	<b>\$ 9,676,297</b>

**17. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT**

The Company's financial instruments consist of cash and cash equivalents, accounts receivable, convertible debentures, covid-19 government support loans and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest risk arising from these financial instruments. The Company estimates that carrying value of these instruments approximates fair value due to their short term nature.

The Company has classified financial assets and (liabilities) as follows:

	June 30, 2021	December 31, 2020
Cash and cash equivalents, measured at amortized cost:		
Cash and cash equivalents	\$ 21,941,873	\$ 6,872,894
Accounts receivable	\$ 207,260	\$ -
Other liabilities, measured at amortized cost:		
Accounts payable and accrued liabilities	\$ (2,165,686)	\$ (1,730,361)
Convertible debentures	\$ (199,148)	\$ (3,341,246)
Covid-19 government support loans	\$ (219,007)	\$ (218,151)

**(Expressed in US Dollars)**

**17. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (Continued)**

**Exchange Rate Risk**

The functional currency of each of the entities included in the accompanying consolidated financial statements is the local currency where the entity is domiciled. Functional currencies include the Chinese Yuan, US, Singapore, and Canadian dollar. Most transactions within the entities are conducted in functional currencies. As such, none of the entities included in the consolidated financial statements engage in hedging activities. The Company is exposed to a foreign currency risk with the Chinese Yuan, Canadian and Singapore dollar. A 10% change in the Chinese Yuan, Canadian and Singapore dollar would increase or decrease other comprehensive loss or discontinued operations by \$2,043,000.

**Liquidity Risk**

The Company currently does not maintain credit facilities. The Company's existing cash and cash resources are considered sufficient to fund operating and investing activities beyond one year from the issuance of these unaudited condensed consolidated financial statements.

**18. CAPITAL MANAGEMENT**

In the management of capital, the Company includes shareholders' equity (excluding accumulated other comprehensive loss and deficit) and cash and cash equivalents. The components of capital on June 30, 2021 were:

Cash and cash equivalents	\$ 21,941,873
Shareholders' equity	\$ 191,289,727

The Company's objective in managing capital is to ensure that financial flexibility is present to increase shareholder value through growth and responding to changes in economic and/or market conditions; to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business and to safeguard the Company's ability to obtain financing should the need arise.

In maintaining its capital, the Company has a strict investment policy which includes investing its surplus capital only in highly liquid, highly rated financial instruments. The Company reviews its capital management approach on an ongoing basis.

**19. EXPENSES**

Research and development costs can be analysed as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Wages and benefits	\$ 687,153	\$ 357,565	\$ 1,269,625	\$ 744,947
Subcontract fees	686,073	813,762	1,194,148	1,689,384
Stock-based compensation	447,063	149,248	649,997	273,075
Supplies	439,698	79,148	688,935	235,888
	<b>\$ 2,259,987</b>	<b>\$ 1,399,723</b>	<b>\$ 3,802,705</b>	<b>\$ 2,943,294</b>

Selling, marketing and administration costs can be analysed as follows:

Stock-based compensation	\$ 789,530	\$ 697,237	\$ 1,407,134	\$ 1,350,193
Wages and benefits	593,280	475,114	1,409,292	1,018,685
General expenses	353,786	557,561	698,133	754,793
Professional fees	247,742	177,149	531,847	302,150
Depreciation and amortization	270,189	189,582	522,920	363,899
Rent and facility costs	27,753	2,118	41,386	17,913
	<b>\$ 2,282,280</b>	<b>\$ 2,098,761</b>	<b>\$ 4,610,712</b>	<b>\$ 3,807,633</b>

#### 20. COVID-19 GOVERNMENT SUPPORT LOANS (Continued)

In March 2020, the United States Congress passed the Paycheck Protection Program ("PPP"), authorizing loans to small businesses for use in paying employees that they continue to employ throughout the COVID-19 pandemic and for rent, utilities and interest on mortgages. Loans obtained through the PPP are eligible to be forgiven as long as the proceeds are used for qualifying purposes and certain other conditions are met. On May 3, 2020, the Company received a loan in the amount of \$186,747 through the PPP. Management expects that the entire loan will be used for payroll, utilities and interest; therefore, management anticipates that the loan will be substantially forgiven. To the extent it is not forgiven, the Company would be required to repay that portion at an interest rate of 1% over a period of two years, beginning July 2021 with a final installment in May 2022. The Company may prepay the PPP loan at any time prior to maturity with no penalty.

On April 9, 2020, the Canadian government launched the Canada Emergency Business Account ("CEBA") which is intended to support businesses during COVID-19 by providing interest free financing of up to \$32,260 (CA\$40,000) until December 31, 2022. If 75% of the loan is repaid by December 31, 2022, the loan recipient will be eligible for a loan forgiveness of the remaining 25% of the amount loaned. On April 15, 2020, the Company received a loan in the amount of \$32,260 through the CEBA. If the loan has not been repaid by December 31, 2022, the outstanding amount will be automatically extended for an additional three years at 5% interest per annum payable monthly and maturing on December 31, 2025. The Company expects to repay 75% of the amount borrowed prior to December 31, 2022.

#### 21. JOINT VENTURE

On October 20, 2020, the Company signed a Joint Venture Agreement ("JVA") establishing a joint venture company, Super Photonics Xiamen Co., Ltd ("SPX") with Xiamen Sanan Integrated Circuit Co. Ltd. ("Sanan IC") whose purpose is to design, develop, manufacture and sell 100G, 200G and 400G optical engines based on POET's proprietary Optical Interposer platform technology. SPX was registered on March 12, 2021. SPX will be subsequently capitalized through a combination of committed cash, capital equipment and intellectual property from Sanan IC and intellectual property and know-how from POET.

#### 22. REVENUE

##### Disaggregated Revenues

The Company disaggregates revenue by timing of revenue recognition, that is, at a point in time and revenue over time. During the period, the Company's revenue was derived from non-recurring engineering services and recognized over time. The Company did not recognize revenue during the period ended June 30, 2020.

##### Revenue Contract Balances

	Contract	
	Receivables	Liabilities
Opening balance, January 1, 2021	\$ -	\$ -
Revenues recognized	209,100	(209,100)
Changes due to payment, fulfillment of performance obligations or other	(1,840)	209,100
Balance, June 30, 2021	\$ 207,260	\$ -
